

Surname	First name	Presentation date	Session	Presentation title	Presentation
Hunter	Ruth F	24.11.: 11.00-11.15	Oral	National Study of Physical Activity Levels in a Socially Deprived Population	oral
Silva	Kelly	24.11.: 11.15-11.30	Oral	Physical activity preferences and barriers among industrial workers from low- and high-income classes in Brazil	oral
Backovič Juřičan	Andrea	24.11.: 12.30-12.45	Oral	Health enhancing physical activity case study in Slovenia	oral
Cavill	Nick	24.11.: 12.45-13.00	Oral	Increasing cycling in six towns in England: A cost-effective investment	oral
Foster	Charlie	24.11.: 15.00-15.15	Oral	Using new technologies to improve our understanding of physical activity	oral
Keaveney	Karen	24.11.: 15.15-15.30	Oral	Developing GIS-based measurements of neighbourhood walkability for assessing the physical activity impact of interventions in the built environment: Insights from the PARC project	oral
Adams	Emma	24.11.: 9.30-9.45	Oral	Assessing the potential for increasing walking to work in English employees: preliminary analysis of the baseline Walking Works employee survey	oral
Gidlow	Christopher	24.11.: 9.45-10.00	Oral	Promoting physical activity through neighbourhood green space	oral
Naul	Roland	25.11.: 10.45-11.00	Oral	Local networks for active living in healthy communities: A Dutch-German cross-border approach and its diffusion into four other European countries	oral
Wallmann	Birgit	25.11.: 11.00-11.15	Oral	Intervention effects of "3000 steps more a day" in community setting on perceived neighbourhood environment	oral
Lane	Aoife	25.11.: 12.15-12.30	Oral	A Community Based Cluster Randomised Controlled Trial to Promote Physical Activity in Irish Women	oral
Ellis	Naomi	25.11.: 12.30-12.45	Oral	The importance of local knowledge within physical activity promotion	oral
Kelly	Paul	25.11.: 15.00-15.15	Oral	SenseCam: what can this new technology tell us about our journeys? Results from a pilot study	oral
Cuberek	Roman	25.11.: 15.15-15.30	Oral	A Comparison of Two Step-Based Techniques: The Assessment of Free-Living Physical Activity of Adolescents	oral
Charreire	Helene	25.11.: 9.15-9.30	Oral	Neighborhood facilities and green space are related to walking and cycling in French adults	oral
De Bourdeaudhuij	Ilse	25.11.: 9.30-9.45	Oral	Is a walkable neighborhood for adults as walkable for adolescents?	oral
Meyer	Ursina	24.11.2010	Session 2+4	Combined impact of health behaviours on fitness in children: a randomized prospective study	poster
Mota	Jorge	24.11.2010	Session 2+4	Walking speed and lower limb strength in elderly	poster
Vainiene	Edita	24.11.2010	Session 2+4	Physical activity preferences and fluctuation among the students at Lithuanian Academy of Physical Education	poster
Beruchashvili	Manana	24.11.2010	Session 2+4	Assessment of Physical Activity Related Behaviour among Adult Population in Tbilisi, Capital of Georgia	poster
Roberson	Donald	24.11.2010	Session 2+4	Walking and hiking outdoors	poster
Kaufmann	Julia	24.11.2010	Session 2+4	Physical activity assessment in pre-school children in Austria	poster
Hoffmannová	Jana	24.11.2010	Session 2+4	Variables (markers) in life's career of participants engaged in high risk activities (skiing and snowboarding). Life span perspective.	poster
Kallings	Lena	24.11.2010	Session 2+4	Physical activity in the prevention and treatment of disease – a report from a government assignment in Sweden.	poster
Goldfarb	Itai	24.11.2010	Session 2+4	Is heart rate recovery a constant value in repeat exercise stress tests?	poster
Rybová	Lucie	24.11.2010	Session 2+4	Inclusion of Students with Physical Disabilities in Physical Education in the Czech Republic	poster
Jekauc	Darko	24.11.2010	Session 2+4	Predicting compliance with physical activity guideline for children and adolescents	poster
Bélangier	Mathieu	24.11.2010	Session 2+4	Sustainability of physical activity during adolescence: Insights from a mixed-methods study	poster
Jones	Dina	24.11.2010	Session 2+4	Social Functioning and Adherence to an Exercise Intervention in Older Adults with Arthritis	poster
Klimešová	Iva	24.11.2010	Session 2+4	Weight loss program with and without fat burner	poster
Spurná	Miroslava	24.11.2010	Session 2+4	Sports preferences of pupils with cerebral palsy.	poster
Čepička	Ladislav	24.11.2010	Session 2+4	The analysis of evoked potential in children with developmental coordination disorder: Pilot study	poster
Khomutova	Anastasiya	24.11.2010	Session 2+4	Comparison of selected research methods used in exploring the perception of interpersonal relationships between professional and recreation sport teams.	poster
Wittmannová	Julie	24.11.2010	Session 2+4	Preferences of participation in regular physical activity in elderly women: Comparison of selected physical characteristics of sedentary versus physically active women over the age of 70 years	poster
Asanti	Rittta	24.11.2010	Session 2+4	Safe and Active School Day - Well-Being Partnership	poster
Sigmund	Erik	24.11.2010	Session 2+4	Contribution of School Physical Activity Friendly Environment to Reduce Increase of Inactivity of First and Second-Grade Schoolchildren: Three Year Longitudinal Study in the Czech Republic	poster
Kurková	Petra	24.11.2010	Session 2+4	Physical activity preferences of students who are deaf or hard of hearing	poster
Zillmann	Nadine	24.11.2010	Session 2+4	Physical activity boosts physical self-concept and self-esteem in obese women	poster
Bartoňová	Radka	24.11.2010	Session 2+4	Analysis of inclusive lessons of physical education relating to physical disabilities	poster
Gusi	Narcis	24.11.2010	Session 2+4	Exercise Looks After You for people with intellectual disabilities	poster
Gusi	Narcis	24.11.2010	Session 2+4	A proprioceptive program is useful for improving balance and Health Related Quality of Life	poster
Tlučáková	Lenka	24.11.2010	Session 2+4	The Effect of Physical Activity on Coordination Abilities of Movement Adaptation in Elderly Women	poster
Tlučáková	Lenka	24.11.2010	Session 2+4	The Effect of Physical Activity on Functional Fitness in Elderly Women	poster
Maertin	Jessica	24.11.2010	Session 2+4	Sociological Aspects of Men's Dancing Preferences	poster
Gusi	Narcis	24.11.2010	Session 2+4	Postural exercise program on the Internet is useful for reducing the problems of workers with nonspecific back pain	poster
Nováková-Lokvencová	Petra	24.11.2010	Session 2+4	Differences in PA during recesses at school in high school girls and boys	poster
Gourley	Chris	24.11.2010	Session 2+4	Walking for Wellbeing in the Community: evaluating the transfer into practice of a research-led walking intervention	poster
Trávníková	Dagmar	24.11.2010	Session 2+4	Psychomotor Exercises in Patients with Parkinson's Disease	poster
Vrbová	Tereza	24.11.2010	Session 2+4	Becoming a professional dancer	poster
Ger	Kroes	24.11.2010	Session 2+4	The In Balance program measures 61 % Falls reduction	poster
Hoyos Cillero	Itziar	24.11.2010	Session 2+4	Sociodemographic and home environment predictors of screen-viewing among Spanish school children	poster
Diketmueller	Rosa	24.11.2010	Session 2+4	Health Promotion for Music Students – evaluation of an intervention project	poster
Pascut	Stefania	24.11.2010	Session 2+4	Walking groups	poster
Jakubec	Aleš	24.11.2010	Session 2+4	Physiological aspects of Nordic walking	poster
Kallings	Lena	24.11.2010	Session 2+4	Physical activity on prescription – a national evaluation in Sweden	poster
Válková	Hana	24.11.2010	Session 2+4	Leisure time of persons with mental disability living in residential social care homes	poster
Dygrýn	Jan	24.11.2010	Session 2+4	Identification of suitable sites for small recreational area – example from Olomouc municipality	poster
Bednářová	Hana	24.11.2010	Session 2+4	Monitoring and comparison of physical activity in children living in children's houses with school	poster
Omarov	Bakhitzhan	25.11.2010	Session 1+3	Some methods of teaching physical culture	poster
Schneider	Jvo	25.11.2010	Session 1+3	Healthy Body Weight: from theory and strategy to the implementation of a nationwide program in Switzerland - lessons learnt from the field	poster
Pereira	MM	25.11.2010	Session 1+3	Adolescent's formal physical activity and parents schooling level	poster
Milton	Karen	25.11.2010	Session 1+3	National policy approaches to promote Health-Enhancing Physical Activity (HEPA): case studies from Europe	poster
Torlakovic	Aldvin	25.11.2010	Session 1+3	Effects of combined programmes swimming, aqua aerobica and aerobic for elderly people	poster
Djomba	Janet Klara	25.11.2010	Session 1+3	Travel behaviour concerning work and studying trips among Slovene urban residents	poster
Djomba	Janet Klara	25.11.2010	Session 1+3	Impact of age on active transport habits in urban residents in Slovenia	poster
Kudlacek	Michal	25.11.2010	Session 1+3	Physical activity intervention program - efficiency, recommendations	poster
Wallmann	Birgit	25.11.2010	Session 1+3	Total and transport related physical activity among rural and urban adults in Germany	poster
Martin-Diener	Eva	25.11.2010	Session 1+3	Does physical activity promotion reduce or increase the number of injuries? An overview of the literature	poster
Reimers	Anne Kerstin	25.11.2010	Session 1+3	Does the relationship between parental modeling and child and adolescent physical activity depend on age and gender?	poster
Bláha	Ladislav	25.11.2010	Session 1+3	Possibilities of application of walk with the visually handicapped people	poster
Gidlow	Christopher	25.11.2010	Session 1+3	Perceived and objective proximity of local destinations and the relative importance for walking	poster
Schwartzhoffová	Eva	25.11.2010	Session 1+3	Cyclotourism in the Czech Republic	poster
Bělka	Jan	25.11.2010	Session 1+3	Beach handball and beach volleyball as a matter for increasing activity for recreational sportsmen	poster
Bucksch	Jens	25.11.2010	Session 1+3	Demographic, psychological, social and environmental correlates to meeting HEPA-recommendation in German youth	poster
Garcia	Leandro	25.11.2010	Session 1+3	Relationship between participation in workplace stretching programs and health indicators on workers in Brazilian industries	poster
Chmelik	František	25.11.2010	Session 1+3	Active transport to school in the Czech high school students	poster
Šlachta	Radim	25.11.2010	Session 1+3	Increasing population level of Physical Activity (PA) through primary care in Czech Republic: GPs knowledge, attitude and self reported practice	poster
Neuls	Filip	25.11.2010	Session 1+3	Walking and referred correlates in the Czech adolescent girls	poster
De Vries	Sanne	25.11.2010	Session 1+3	Behavior-specific built environmental determinants of walking and cycling among Dutch children: results from the SPACE study	poster
De Vries	Sanne	25.11.2010	Session 1+3	Physical activity behavior of urban children using GPS and GIS; results from the SPACE study	poster
Kinnunen	Liisamaria	25.11.2010	Session 1+3	Physical activity consulting among sedentary adults	poster
Herink	Roman	25.11.2010	Session 1+3	Good practices of support APA in region Zlin	poster
Brennan	Graham	25.11.2010	Session 1+3	Developing a Framework for the Recruitment of Participants to Walking Promotion Programmes.	poster
Cavill	Nick	25.11.2010	Session 1+3	Building the economic case for walking: the development of the Health Economic Assessment Tool for Walking	poster
Marques	Ana Isabel	25.11.2010	Session 1+3	Accessibility to physical activity programmes for elderly people	poster
Wanner	Miriam	25.11.2010	Session 1+3	A systematic approach to exploring the impact of sport in physical activity promotion in Switzerland	poster
Janežič	Mojca	25.11.2010	Session 1+3	Safety Cycle training Course in the framework of European project LIFE CYCLE	poster
Kelly	Paul	25.11.2010	Session 1+3	What is the risk reduction for all-cause mortality from walking?	poster
Dohnal	Tomas	25.11.2010	Session 1+3	Physical Activity (Sport)-Related Value Aspirations of People in Selected Regions of the Czech Republic	poster
Clarke	Dushy	25.11.2010	Session 1+3	A systematic review of economic literature evaluating the health benefits of walking	poster
Diketmueller	Rosa	25.11.2010	Session 1+3	School yards, physical activity and gender relations	poster
Pascut	Stefania	25.11.2010	Session 1+3		poster
Adams	Emma	25.11.2010	Session 1+3	Process evaluation of 'Free your Feet': a one week campaign to promote walking to school in Secondary School students in England	poster
Brůhová-Foltýnová	Hana	26.11.2010	Session 1+3	An integrated health risk assessment of active transport – impacts on health and climate change	poster
Scheinowitz	Mickey	25.11.2010	Session 1+3	Increased number of physically active professional soldiers in the Israel Defense Force army following 6-year life style intervention study	poster
Rokka	Stella	25.11.2010	Session 1+3	Evaluation of health-related fitness and intrinsic motivation through an intervention program in fifth grade students	poster
Skender	Nijaz	25.11.2010	Session 1+3	Motives of students for following sporting events	poster
Krejčíková	Lucie	25.11.2010	Session 1+3	The changes of stress-coping strategies in winter course participants	poster
Titze	Sylvia	25.11.2010	Session 1+3	Change in cycling for transport and related determinants in an urban Austrian adult population	poster
